## Business Scale-up and Productivity

### We are looking for:

- Innovative and globally-oriented businesses seeking to accelerate their growth.
- High-potential firms (including accelerator graduates) commercializing innovative products, technologies and processes.
- Firms with scale-up potential looking to improve productivity through highly innovative, first-of-its-kind technologies with the goal of global competitiveness and market expansion.

### Applications can be submitted for:

- No-interest, repayable contributions from \$500,000 up to \$10 million per project.

### Funding is available to:

- Assist high-growth firms to scale up and expand.
- Support technology demonstration and the commercialization of new technologies.
- Encourage the early adoption or adaptation of leading-edge technologies and processes to improve productivity.
- Increase businesses' capacity to grow through market diversification and entry into global markets.
